

PRIVACY STATEMENT

SECTION 1 – Information

When you make a purchase on Photomojo.co, as part of the buying and selling process, we collect personal information and credit card information. This information includes, but is not limited to: email address, first name, last name, birth date, credit card number for payment, a user-specified password, mailing address, zip code and telephone number.

We do not sell, rent, share, trade or give away any of your personal information except to the financial institution that processes your credit card transaction, unless required by law, or for the protection of your use of our service.

When you browse our website we automatically receive your computer's internet protocol (IP) address. This provides information about your browser and operating system.

SECTION 2 - CONSENT

When you provide us with personal information to complete a transaction, verify your credit card, place an order, we imply that you consent to our collecting it and using it for that specific reason only.

SECTION 3 - DISCLOSURE

We may disclose your personal information if required by law, or if you violate our Terms and Conditions of Service.

SECTION 4 – Shopping Cart

Our Shopping Cart is hosted on Ecwid. They provide us with the online e-commerce platform that allows us to sell our products and services to you. They store your data on a secure server behind a firewall.

Your credit card data is encrypted through the Payment Card Industry Data Security Standard (PCI-DSS). Your purchase transaction data is stored only as long as is necessary to complete your purchase transaction. After that is complete, your purchase transaction information is deleted.

SECTION 6 - SECURITY

You can shop at photomojo.co with confidence. To protect your personal information, we follow industry best practices to make sure it is not inappropriately lost, misused, accessed, disclosed, altered or destroyed.

We have partnered with Authorize.Net <http://www.authorize.net/>, a leading payment gateway since 1996, to accept credit cards and electronic check payments safely and securely for our customers.

The Authorize.Net Payment Gateway manages the complex routing of sensitive customer information through credit card processing networks. To see how it works, here's an online payments diagram:
